Professor Gail W. Lapidus

STAT

Dear Gail:

This letter has a two-fold purpose--to formally thank you again for your superb seminar, and to invite you to return for an encore. We are in the process of preparing schedules for fiscal 1988 (1 October 1987 - 30 September 1988), and I hope you will offer another Perspectives on the Soviet Union Seminar during that time frame. If you could suggest a week to me by 16 March, I should be able to work it into our schedule.

I just reread the student evaluations of your seminar, and pass along some observations. All were complimentary about this lady who "clearly knows her stuff." Suggestions included more open discussion, more on contemporary, particularly societal, issues, and a charge to me that we get the readings out earlier. Thanks again. I do look forward to hearing from you.

Sincerely,

STAT
